Troubleshoot problems
Open Network and Sharing Center

- Control Panel Home
- Change adapter settings
- Change advanced sharing settings

View your basic network information and set up connections

[See full map](#)

View your active networks [Connect or disconnect](#)

Network 6
Public network

Access type: No Internet access
Connections: Local Area Connection

Change your networking settings

[Set up a new connection or network](#)

Set up a wireless, broadband, dial-up, ad hoc, or VPN connection; or set up a router or access point.

[Connect to a network](#)

Connect or reconnect to a wireless, wired, dial-up, or VPN network connection.

[Choose homegroup and sharing options](#)

Access files and printers located on other network computers, or change sharing settings.

[Troubleshoot problems](#)

Diagnose and repair network problems, or get troubleshooting information.

- Control Panel Home
- Change adapter settings
- Change advanced sharing settings

View your basic network information and set up connections

See full map
